Mattapoisett ships were taken to New Bedford to be rigged. This information on sail-making interested us so much that we thought that we would pass it on to you.

STARTING NEXT WEEK This material was furnished to us by the Old Dartmouth Historical Society, and it is our hope that you will visit the museum on Johnny Cake Hill yourself, in the near future. If you have not been recently, you will be fascinated by the new additions, and if you have never been before, you will be thrilled.

Cliff Macomber of Prospect Rd., due to leg trouble, will not be operating as usual at his soda bar on Sconticut Neck Rd. His brother and Chuck Wardell will carry on for him for the present.

With warm weather here, the family is spending more time out doors and your favorite store has most everything you need to enjoy life in the open. New this year at The Town Shop is Bar-B-Kets, the Barbecue fuel with the Hickory flavor.

We also have gallon picnic jugs that are almost unbreakable, only $ 2.99.

Then we have our usual fine selection of beach balls, sand toys, water play-things, fishing and sporting supplies.

BELIEVE IT OR NOT BY PRESTO

A recent Believe It Or Not strip mentioned a barber who had cut five generations of hair. We want them to know that Mattapoisett also has a barber in the same class. Skid has worked on five generations of the Harriman family. They are Nelson J. Harriman, Melvin J. Harriman, Nelson F. Harriman, Nelson F. Harriman Jr. and Nelson F. Harriman, 3rd. It is quite an achievement and more remarkable still is the fact that Skid has enough pep left to lead parades for the kids. Maybe by the time that Skid starts his 6th generation we will be big enough to give him some real recognition.

We want to express our sympathy to Skid on the passing of his brother. Skid had just returned from the funeral in New York in time to lead the bicycle parade. He never would disappoint the children. We salute you, Skid.

ROBERT SEELEY HAS ACCIDENT

Robert Seeley of Homestead Court had an unusual accident recently. A minor collision resulted in a badly bent front fender on his small truck. He didn't notice it until he found that the vehicle didn't steer properly, so he stopped and attempted to pry the mud-guard away from the tire with his bare hands. The fender was so hot from the friction, that he burned his right hand severely and will be laid up for at least two weeks. This is really a misfortune, as he can't use his hands to work, or to complete his new home that he is building.

The house is a timed construction on the G I Bill, and must be completed by a set date. It might be that the fellows he helped to build their houses, knowing this, might want to return the favor by lending a much needed hand right now to meet that building deadline.

The patients at Elmcrest appreciate the flowers and seasonal favors which are sent by the Marion Garden Club. Thanks to the club. F. P. Washburn.
